DISPATCH No. WSSA-164

TO : Chief, FBW

DATE: 4 December 1947

FROM :

SUBJECT: General - Tilestone Project

Specific - Payment of Courier fares  
to Poland

OPERA

1. Tilestone's contacts with Lithuania are made through Poland. As has been previously reported, Tilestone himself has made several trips through Poland to Lithuania and other couriers are occasionally sent. The documents attached to WSSA-158 were obtained on one of his trips to Poland. Tilestone recently learned that another post was waiting for him on the Polish side of the Lithuanian border. He was anxious to dispatch a courier, but he lacked the necessary funds to get the man aboard the Gdynia ferry. We have given Tilestone \$100 and 300 Sw. kr., and he has agreed to furnish us with copies of any material in which we might be interested.
2. About ten days after the departure of this courier the whole question of illegal transportation between Sweden and Poland broke in the newspapers. It may, therefore, be very difficult for Tilestone's courier to return at this time. We feel, however, that the expense was justified in view of previous material that Tilestone has given us. This is the first payment which has ever been made to him and no additional payments are contemplated in the immediate future.
